

# DAMAR®

## LIGHTING THE WORLD

### INCANDESCENT LAMPS

#### **Safe-Shield®**

- Shatter resistant coating helps to contain broken glass.
- Protective coating is designed to help protect against thermal shock.
- Available in most shapes and wattages.

#### **Daylight**

- Offers a full spectrum, naturally balanced light.
- Ideal for rooms with little or no natural sunlight.
- Available in a variety of shapes and wattages.

#### **Rough Service**

- Features five filament supports to help protect against early burnout caused by vibration.
- Ideal for commercial or industrial use.
- Available in a wide variety of shapes and wattages.

#### **Infinitii**

- Infinitii brand offers lighting options up to 20,000 average life hours.
- Ideal replacement for hard to reach applications.
- Available in many standard shapes and wattages.

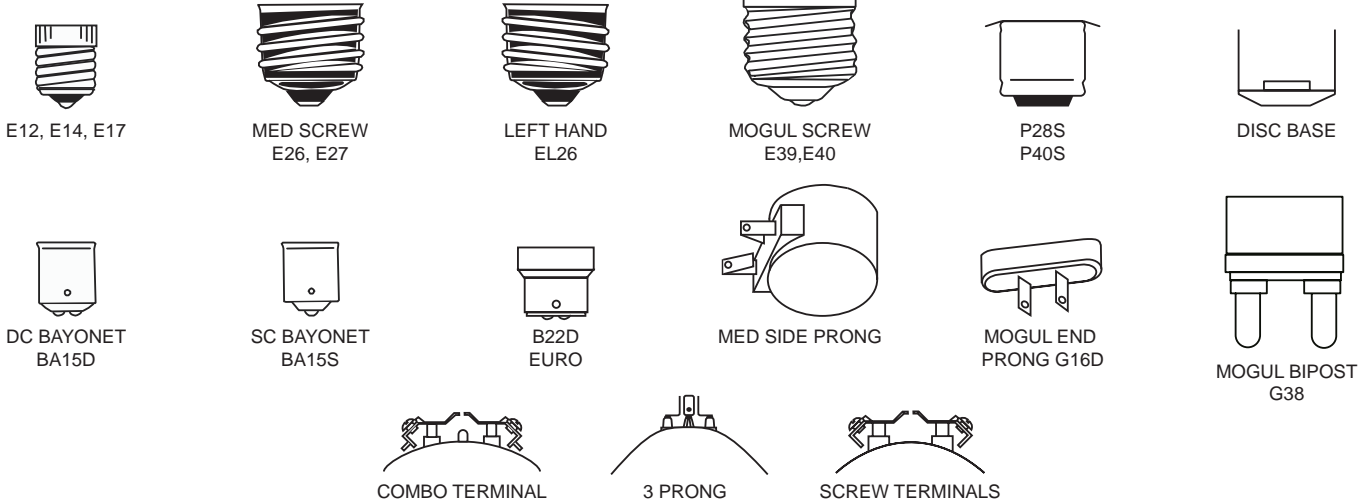

# DAMAR®

## LIGHTING THE WORLD

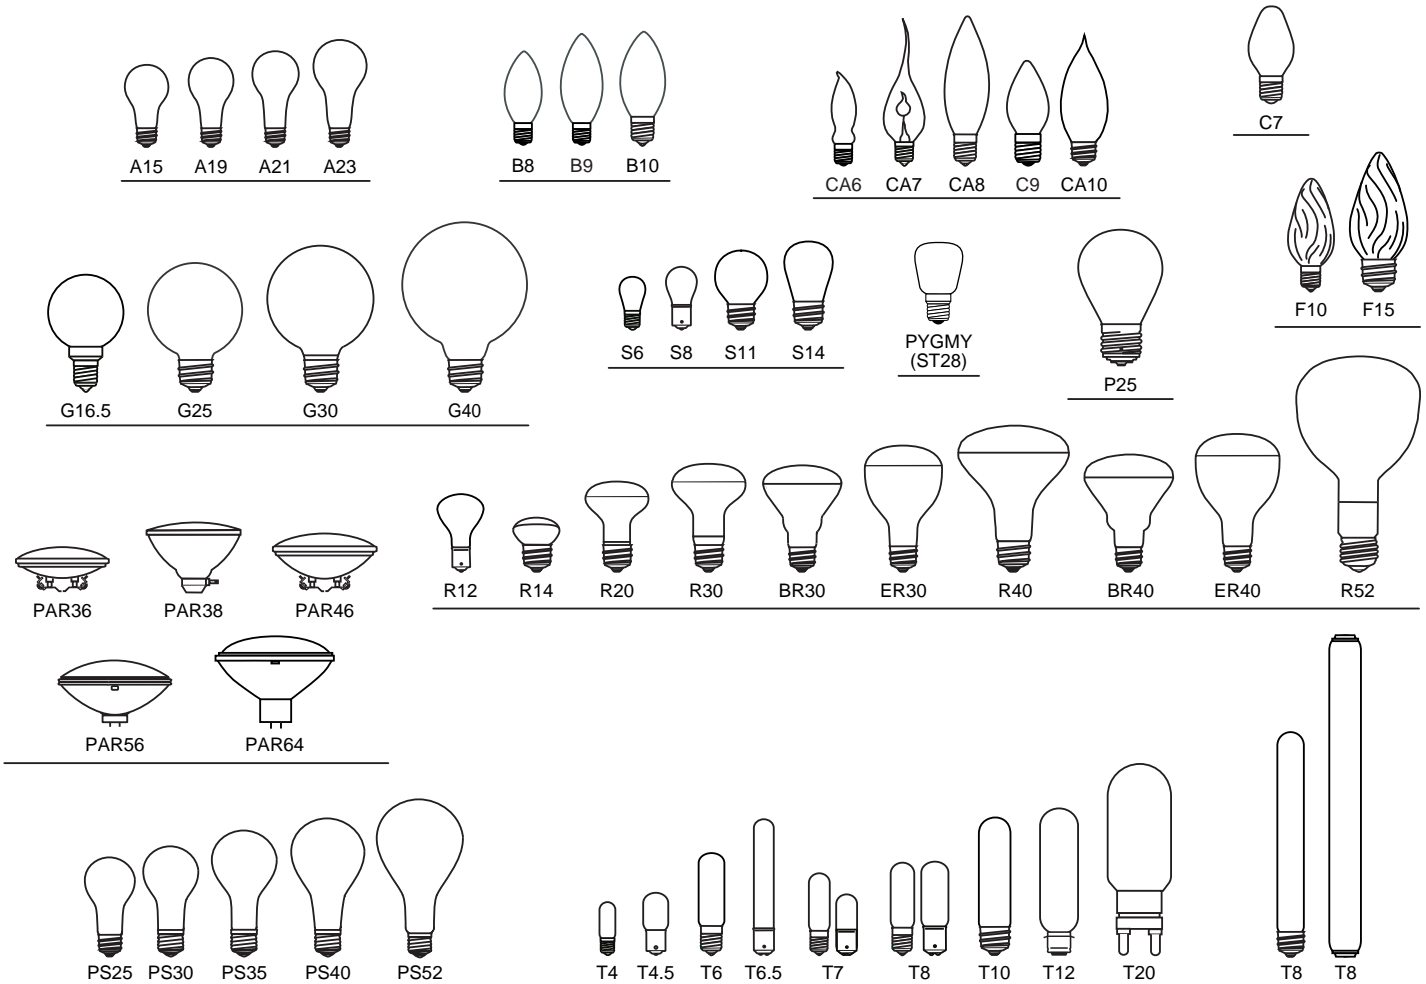

### INCANDESCENT LAMPS

#### BASE IDENTIFICATION

#### LAMP FINDER

The lamp drawings listed here are not to scale. To determine the bulb diameter in inches, multiply the bulb number by one-eighth. For example R40 means approximately 40/8" or 5" in diameter.

# DAMAR®

## LIGHTING THE WORLD

### INCANDESCENT

#### KEY TO HEADINGS

The reference material in these headings may help you in confirming incandescent lamp specifications and in ordering products. Lamps are grouped by product line, then into groups according to wattage, bulb shape and size, and base. The exception to this rule may occur with specialty items. For assistance, please contact your Damar representative.

**Watt:**

Energy expended. To estimate energy consumption (kw) multiply watts x hours of use and divide by 1000.

**Avg Life Hours:**

Rated average life in hours.

**Color/Beam Spread:**

Color of the lamp in degrees Kelvin./ The total angle of a reflected beam (in degrees) to the point where the intensity falls to 50 per cent of maximum.

**Shape:**

Bulb shape followed by its size (the maximum diameter of the bulb noted in eighths of an inch).

**Volt:**

Bulb electrical specs. are based on operating the bulb at the rated voltage.

**Master Carton Label:**

Number of units per case.

**Base:**

The base type.

**Description:**

The industry identification code.

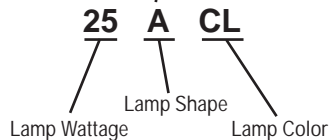

**Item No:**

The Damar identification code.

**Notes:**

Additional important information.
