

| Brand          | Description   | Model                  | Load Max   | Poles                | Performance Rating        |
|----------------|---|------------------------|--|----------------------|---------------------------|
| <b>Lutron</b>  | Diva 0-10V control(gloss finish),single pole,preset,30mA sink,16A load(needs Power Pack PP-DV)  | DVTV (DIVA)            | 120V-277V AC Frequency 30mA/16A  | single               | Best<br>Item No. 117A     |
| <b>Lutron</b>  | Diva 0-10V control(gloss finish),single pole/3-way,preset,50mA sink,8A load   | DVSTV (DIVA)           | 120V-277V AC Frequency 50mA/8A   | single pole/3-way    | Best                      |
| <b>Lutron</b>  | Diva 0-10V control(satin finish),single pole,preset,30mA sink,16A load(needs Power Pack PP-DV)  | DVSCTV (DIVA)          | 120V-277V AC Frequency 30mA/16A  | single               | Best                      |
| <b>Lutron</b>  | Diva 0-10V control(Satin finish),single pole/3-way,preset,50mA sink,8A load   | DVSCSTV (DIVA)         | 120V-277V AC Frequency 50mA/8A   | single pole/3-way    | Best                      |
| <b>Lutron</b>  | Maestro 0-10V Dimmer and Occupancy/Vacancy PIR Sensor, single pole/multi-location, 120-277V   | Maestro MS• Z101-WH    | 120-277V AC Frequency  | Single Pole/Multi-Lo | Better                    |
| <b>Lutron</b>  | Skylark Fluorescent Preset Dimmer, 120v dimmers also LEDcompatible with GRX-TVI (0-10 VDC sink control)   | SF-103P-WH Skylark     | 120VAC/8A AC Frequency   | 3-Way                | Better                    |
| <b>COOPER</b>  | Dimmable LED/FLR0-10V ballasts, DEVINE Slide Dimmer,single pole/3-way,preset  | DF10P (DEVINE)         | 1200W 120V/60Hz<br>1600W 277V/60Hz<br>AC Frequency                           | single pole/3-way    | Best                      |
| <b>COOPER</b>  | Dimmable LED/FLR0-10V ballasts, SKYE Slide Dimmer,single pole/3-way,preset  | SF10P (SKYE)           | 1200W 120V/60Hz<br>1600W 277V/60Hz<br>AC Frequency                           | single pole/3-way    | Best<br>Item No. 567A     |
| <b>LEVITON</b> | Designed for use with LED fixtures Using 0-10V power supplier, dual voltage 120V/277V;50mA maximum sink current; No power pack required for switching | DS710 (DECORA)         | 120VAC/60Hz<br>277VAC/60Hz<br>1200VA@120VAC<br>1500VA@277VAC<br>AC Frequency |                      | Best                      |
| <b>LEVITON</b> | LED Dimmer for 0-10V power suppliers,no LED locator   | IP710-LF (IllumaTech)  | 1200VA@120VAC<br>1500VA@277VAC<br>AC Frequency                               | single/2GANG/3-GANG  | Best                      |
| <b>LEVITON</b> | Renoir II Rotary, Ballast 0-10 V, Standard Heat Sink Dimmer,Linear dimming, Narrow, 16 A, White   | AWRMG-7DW              | 120-277VAC, 60HZ/16A<br>AC Frequency   |                      | Better                    |
| <b>LEVITON</b> | 1200VA Preset Fluorescent Slide Dimmer, Single Pole and 3-Way   | IP710-DLZ (IllumaTech) | 1200VA, 120/277 Volt AC<br>60Hz AC Frequency                                 | Single Pole/3-Way    | Better<br>Item No. 29224A |
| <b>LEVITON</b> | Renoir II Preset Slide Dimmer,Linear dimming, Ballast 0-10V, Thin Heat Sink, Narrow, 16A, White   | AWSMT-7DW              | 120-277VAC, 60HZ/16A<br>AC Frequency   |                      | limited                   |
| <b>LEVITON</b> | Fluorescent Renoir II Slide Preset Master Dimmer ,Fluorescent 0-10V   | AWSMG-7DW              | 120-277VAC, 60HZ/16A<br>AC Frequency   |                      | limited                   |
